

THE PERIL OF PAIN

Those who fail to keep in the house some reliable remedy for sudden stomach and bowel troubles are overlooking a remedy that may be needed any hour of the day or night. When needed it will be badly needed. In cases of Cholera, Malaria, Diarrhoea and Flux everything depends on having a remedy at hand and it must be a certain remedy.

Ramsey's Cholera and Diarrhoea Runaway

is a pleasant remedy to take, is safe and harmless. If it fails to give satisfaction in every respect your money will be refunded.

CITY COUNCIL HOLDS SESSION RATE OF TAXATION REDUCED

On account of the increased value of all taxable property in the city of Ardmore, the rate of taxation for the year 1907 will be two mills less than the year previous. The decrease in the rate of taxation is based on a five million dollar valuation of property in this city. The city council at its meeting held yesterday afternoon passed the taxation rate and the budget for the year.

The taxable rate is as follows: For general fund 6 mills; for school purposes 5 mills; interest fund on old bond issue 1.34 mill; sinking fund, old issue of waterworks bonds and school house bonds 1.34 mill; interest fund on new issue of school house, waterworks and sewerage bonds 1.34 mill; sinking fund on new issue of bonds for school house, waterworks and sewerage 1.34 mill; general improvement fund 3 mills; which makes a total of 20 mills or \$2.00 per hundred.

The reports of the various officials of the city were also read and the same approved. The report of the city assessor and collector, John W. Caddo, is as follows:

Taxes collected, general fund \$8,555
Occupation tax 110.00
Dog tax 122.39
Total \$8,787.39

Interest fund \$18.25
Sinking fund \$18.25
School fund 45.20
Fidelity 22.39
Special 26.81

Total \$514.01
The report of Police Judge John L. Galt for the months of May and June shows that \$960 was collected in fines and that 188 cases were disposed of by his court.

G. H. Bruce, city clerk, reports water revenue collected \$411.84; sewerage revenue collected \$33.25; total \$445.09.

The report of W. Brodnax, superintendent of waterworks and sewerage was to the effect that some expense had been incurred in lowering the water mains on Mill and other streets in the improvement district.

A large number of bills were audited and warrants ordered drawn thereon.

Two estimates of the city engineer for work done on D street southwest for \$1200 and \$385 were allowed.

MADILL WANTS COURT

COMMITTEE WANTS COURT MOVED FROM TISHOMINGO TO THAT PLACE—BIG PROMISE.

J. M. Eakins, manager of the Madill Oil company, Lyman Board, postmaster, F. E. Kramer, an attorney of that place, and also Summers Hardy, an attorney residing in the same town, appeared before the federal court in this city today in an attempt to get the federal court removed from Tishomingo, its present place of holding, to their city.

The move, it is an organized fight by the commercial organization of Madill and the business men of that city to secure the court now held at Tishomingo. They appeared before Judge Townsend when court opened here today with a petition offering numerous inducements to the court if it is located there. Among other things they offered to furnish a court building.

Judge Townsend would not make a recommendation in the matter, but stated that he would refer it to Washington, where the department of justice would make a decision.

That the people of Tishomingo will fight the movement to a standstill is a certainty.

The Madill representatives state that they will push the matter at Washington and intend to make every effort to secure the Tishomingo court.

Alderman Pennington moved that the \$6,000 in the hands of the treasurer, held to pay the warrants due the banks, be prorated among the banks, and that the treasurer receive a receipt therefor. The same was carried. This is done to save complication by not having to issue new warrants.

Hereafter the city treasurer will make out a monthly report, the same as the other officials, so as the members of the council may know the exact standing financially of the city.

The salary of Gus Miller, the assistant to the superintendent of waterworks, was increased from \$60 per month to \$75. This is done to cover the increased cost of maintaining and feeding a horse.

The ordinance closing a contract with the Rock Island-Frisco and Santa Fe railroad companies for the construction of the Fifth Avenue viaduct passed its last reading by a vote of 4 to 2. The grade of the approach of the viaduct was changed from 6 to 8 feet to save the cost of damage to abutting property.

The pure food inspection ordinance was passed over to the next meeting when all the members of the council can be present.

The matter of paying the salaries due the firemen was referred to the finance committee to take action.

The question of filling up the streets in low places was referred to the sanitary committee.

Alderman Carpenter announced that the best offer received for the hay on the cemetery lot was \$25. Alderman Berryhill stated that the sexton at the cemetery was not giving it the proper attention, inasmuch as several of the graves were too shallow.

The contract between the property owners on C street southwest and the McQuatters Machine & Plumbing Co was approved.

The city treasurer was authorized to turn over the school funds in his hands to the treasurer of the school board.

The ordinance creating Improvement District No. 2 on D street northwest passed its third and final reading.

The improvement committee was authorized to compel the Rock Island railroad company to fix crossing in the southern section of the city.

Dr. J. C. Chennault was elected city physician by acclamation.

Denison's Population.

Denison, Tex., July 1.—A new 1907 city directory for Denison has been completed and is being distributed today. The volume contains 7,488 names, which, by the usual method used by directory compilers, gives Denison a population of 18,720, which is an increase of approximately 7,000 since the census of 1900.

BALL GAME TOMORROW

JACKSBORO WILL OPEN SERIES HERE TOMORROW AFTERNOON. TWO GAMES THURSDAY.

The Jacksboro team will open a series of games against the Indians tomorrow afternoon, with two games on the Fourth—both morning and evening. Several of the local players stopped off Monday in Fort Worth and Gainesville arriving here today.

Oran, the Indian's new southpaw pitcher, arrived this morning to play out the season here. Evers will arrive tomorrow from Gainesville. He also is to play here regularly.

It is not known who will pitch the game tomorrow for the local team.

Gainesville's Beat Jacksboro.

Yesterday's Gainesville-Jacksboro game at Gainesville resulted 3 to 1 in favor of Gainesville. Morton pitched for Jacksboro and Turner, the new Gainesville pitcher, was in the box for that team.

BUILDING IMPROVEMENTS

J. A. SANDERS WILL REMODEL THE OLD BARRALL STORE ON EAST MAIN STREET.

J. A. Sanders, the owner of the building east of the Pennington building that is being repaired has in contemplation the building of an additional story to his place, and the construction of a press brick front with plate glass windows.

Mr. Sanders was figuring with the contractor this morning, and will in all probability close the trade this afternoon and have the work go on with the work that is being done on the Pennington building.

The change in the appearance of these two buildings on East Main street will greatly improve the appearance of the city in that section.

IF INTERESTED BE THERE

COMMERCIAL CLUB WANTS ALL TO MEET WITH IT TONIGHT. IMPORTANT BUSINESS.

Everyone who is interested in the future welfare of the city of Ardmore is requested to be present at the meeting of the Commercial Club to be held in the city hall tonight. Hon. Lee Cruise, president of the club, will have something of importance to impart to those interested in the way of pulling together to make Ardmore a Greater Ardmore, and those who are croakers and knockers are not wanted, as there is no place in the commercial club for them, and less place in the city for such people.

The Commercial Club has mapped out a great campaign for the upbuilding of Ardmore and it will behoove every business man in the city to be present at the meeting.

The question of securing more insurance offices, the building of roads, and the interesting of factories to locate in Ardmore will be discussed. The time for concerted action has come, and Ardmore will not be found wanting in concerted action.

The hospital proposition, the question of the Farmers' Cotton warehouse and a number of other matters that need prompt attention is to be considered and action taken.

POINTS TO REMEMBER

Every Appliance for Woman's Work Should Be the Best for Its Purpose.

There is as great a difference in the cost of making a sewing machine as there is in making a watch. A cheap watch will indicate time with fair accuracy for a short time; fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy, and soon wear out.

Every Singer and Wheeler & Wilson machine is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other, because it is of better design and construction.
